

Munster Bovine is Ireland's market leader in cattle breeding and herd management services. We offer a complete and integrated range of cattle breeding, milk recording, fertility and performance enhancing services for herd owners. Our aim is to be the trusted partner in genetics and decision support, adding measurable value for herd owners.

The Munster Bovine technician service is recognized as the leader in its field with over 70 years' experience of carrying out artificial insemination in the Munster and Galway areas. We are now recruiting for:

**Artificial Insemination (AI)
Technician's**

DIY AI training is desirable but not essential as training will be provided.

An extensive training program will be provided where you will receive training from experts in this field and partner with experienced technicians as a trainee.

Interested candidates should forward a copy of their cover letter and up-to-date CV in strictest confidence by Friday 24th September 2021 to Denise Murphy, HR Generalist, Ballyvorisheen, Mallow, Co. Cork or to careers@munsterbovine.ie
