DISCLAIMER

Every reasonable effort has been made to ensure that the information provided in this publication is reasonably comprehensive, accurate and clear.

Use FarmOps for Dry Off

Two big questions that need to be answered for each cow in the herd.

1. When should she be dried off

2. What treatment should she receive?

FarmOps simplifies these dry off decisions

Improve Your Profitability With Milk Recording & FarmOps

€ Your best cows ranked quickly, easily & accurately:

Using our new Milk Recording Lifetime rank, FarmOps makes it easy for you to find your best cows.

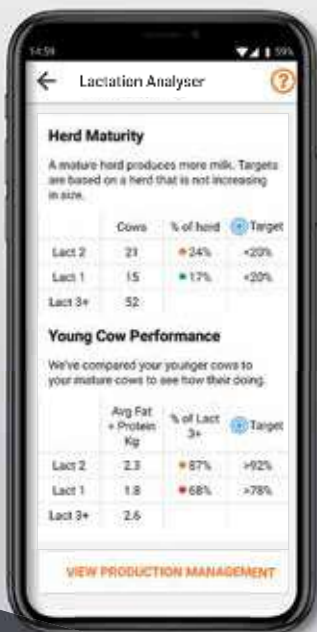

With the Margin Analyser, find out why your best cows are your best. Is it genetics, days in milk, days dry, SCC?

How much are you feeding your cows?
Is it enough?

Should you be feeding 3, 4 or 5kg of nuts in the parlour? Based on your grass/silage input, FarmOps tells you what your average cow needs. You can also see the spread within your herd quickly and easily.

1 2 3 Is each lactation performing?

Only with FarmOps, can you now establish:

- ✓ What is your herd maturity like?
- ✓ Are your 1st and 2nd calvers performing?
- ✓ Which are the non-performing cows in each lactation?

Tackle SCC with the full picture:

For the first time, FarmOps brings SCC & treatments together in one place.

Each cow's SCC & treatment history is clearly presented. High SCC cows are displayed in groups:

-  Cows suitable for treatment.
-  Cows with a poor chance of cure.
-  Cows with lots of cases of mastitis. Review quarter before treating.

HERD MANAGEMENT

Milk Recording

The only accurate way of measuring how your herd is performing.

Herd Health

Identify and manage what diseases are limiting your herd.

Pregnancy Testing

Convenient testing through milk recording samples with no extra work or handling of cows with a 95% accuracy.

NEW Milk Recording Lifetime Summary Report

For The First Time:

- **PROFITABILITY** and **PERFORMANCE** of cows are illustrated
- Milk recording lifetime information for the cow is **available after each test**
- Cows can be ranked within herd fairly and accurately on milk recorded lifetime
- Dry days are included to rank cows
- The margin per day brings all of your milk recording data into one figure

AI TECHNICIAN SERVICE

Our Technician academy is the envy of the industry. Every Technician undergoes an unrivalled training regime before they qualify to go on the road.

- ✓ Reliable 365 Service
- ✓ Technician in every parish
- ✓ No-Inbreeding - Handheld Check
- ✓ Best Genetics
- ✓ Highly trained Technicians
- ✓ Highest standards for best possible results
- ✓ Reduced workload for Herd Owners
- ✓ Greater peace of mind

IMPORTANT UPDATE!

We are moving over to a single Free Phone number for all AI calls. Please note that our existing lines will be discontinued from December 31st 2021 and the below will be the single number to call going forward for all AI calls in all areas.
